## ABOUT US

Biofact Trainings and development center aimed to provide regulatory focused trainings to graduates, post graduates, research scholars those who want build their career in Pharmaceutical/biotech industries and to provide the trained, skilled, quality professionals with assured performance.

The curriculum for the training has been designed as per the current industrial requirements. We do provide the trainings for the fresh graduates, graduates who are in the job search and fresh employees in Quality control, Quality assurance & Microbiology.

Our laboratory equipped with various sophisticated instruments like LC/MS, GC/MS, ICP/MS, AAS, GC, HPLC, IR, DSC, TGA, UV-Visible Spectrophotometer, Dissolution apparatus and many more...

The Training includes class room trainings, Practical demonstrations/ Hands on exposure by the experts from Pharma and biotech industries and at the end of this training program, the participants are expected to undergo transition of being matured to undertake industry employment as a career option. They should be able to easily induct in the job and perform significantly better than a fresh university graduate.

## MISSION

To impart the regulatory compliant training's and provide the dedicated professionals with right attitude, competency and skills to augment the Pharmaceutical/ Biotech industrial sector.

## VISION

Biofact training and development center is committed to provide regulatory compliant trainings to develop skilled, proficient and quality professionals to cater the requirements of the Pharmaceutical/ Biotech industrial sector.

## TRAININGS

### Job Role Trainings

S.No	Job Role	Qualification	Duration
1	Quality Control	B.Sc, B.Pharm M.Sc, M.Pharm, Ph.D	
2	Quality Assurance	B.Sc, B.Pharm M.Sc, M.Pharm, Ph.D	
3	Micro Biology	B.Sc, B.Pharm M.Sc, M.Pharm, Ph.D	

## 7 days Hands on Training on

- ▶ High Performance Liquid Chromatography (HPLC)
- ▶ Gas Chromatography (GC)
- ▶ Gas Chromatography/Mass Spectrometry (GC/MS)
- ▶ Inductively Coupled Plasma/Mass Spectrometry (ICP/MS)
- ▶ Atomic Absorption Spectroscopy (AAS)
- ▶ Liquid Chromatography/Mass Spectrometry (LC/MS)

## On Job Trainings

We also provide on job trainings for the candidates, those who desire to enhance their skill set and knowledge. The trainings are given to them as per their requirement.

## Research Project

We undertake all kinds of Research projects for

B.Pharm  
M.Pharm  
Ph.D  
Scientists

## Other services

- ▶ Publication Support
- ▶ Thesis compilation
- ▶ support Industrial Visits

100%  
Placement  
Assistance

## How do we work
